## Cuts In County's Services Discussed

May Call 1962 Vote  
On Taxes; Work To  
Begin On New Budget

Reductions in county governmental services were planned tentatively by county officials Friday as a means of easing the county's financial crisis and also impressing upon voters the need for tax relief.

Possibility of a tax referendum in November 1962 was discussed at the gathering of finance and legislation committees and other officials. However, most of those present expressed the belief that a referendum would be defeated, at least if held immediately.

The financial service results from a state supreme court ruling which has reduced expected county revenue by over \$300,000 a year. An effort to obtain temporary enabling legislation from the Illinois General Assembly failed last week when a House committee voted 22-15 against recommending the bill for passage.

County Auditor John L. Kraynak, who called Friday's session, urged a decision on specific economic measures before the year begins in November on drafting a 12-month budget for the county's new calendar fiscal year, beginning Jan. 1. A five-month "famine" budget was adopted for September-December 1961 with the hope that a tax solution would be achieved this fall.

**No Immediate Borrowing Plans**  
"We've got to solve our own problems. No one's going to solve them for us," the auditor commented. He urged steps to keep the county's books in the black, adding that the county could "ride for a year" on a stranglehold budget before having to borrow money.

The group discussed the possibility of the county taking over all tax collection duties and fees, but Wood River Supervisor Fred Grenzbeach, who opposes the plan, said this would require a referendum "and it would never carry. Township law requires that we just elect the past year, and it would be at least three more years before there could be a referendum."

Other suggestions under consideration include elimination of nighttime deputy service by the sheriff's office, salary cuts for county employees and reduction of office staffs to "adequate" for operation of court-house offices on a part-time basis.

County Board Chairman Gus Haller said \$80,000 could be saved by eliminating public use of property assessment lists in newspapers. He said a state supreme court ruling has held that failure to publish the lists does not invalidate the assessments.

**Comments Of Chairman**  
"You will get better than you did at Springfield if you do it," he said.

## 8 Injured As 15 Collisions Occur In Area

Eight persons suffered injuries as 15 auto crashes occurred in the Quad-City area during the weekend. Two of the mishaps caused multiple injuries.

Paul Gitchoff, 22, son of Mr. and Mrs. James P. Gitchoff, of 2648 Benton street, is a patient at the University Medical Center, Columbia, Mo., suffering from severe injuries sustained at 1:30 a.m. yesterday when an automobile in which he was a passenger struck a bridge abutment on Missouri Route 240 near Fayette, Mo., and burned.

The driver of the auto, Robert A. Ryle, 22, of Higbee, Mo., was killed in the accident. Both Gitchoff and Ryle are students at Central College, Fayette.

Gitchoff was taken to Leys Hospital in Fayette, and later transferred to the medical center at Columbia. The nature of his injuries were not immediately known. His parents, who operate Hollywood Amusement Studio here, left yesterday for Columbia.

According to the Missouri State Highway Patrol headquarters at Jefferson City, the northbound auto operated by Ryle struck a bridge abutment and rolled into a creek bed, where it caught fire.

Gitchoff was thrown from the car, and was pulled away from the fire by an unidentified passerby.

## American Steel To Reopen Tomorrow

American Steel Foundries, which was closed last week due to a shortage of orders from railroads, is to reopen tomorrow with the full force of 575 production workers to return to their jobs.

Plant Works Manager A. P. Steinhauser said operations will be on a week-to-week basis.

## Issue No. 3, Dated May 1903, Wins Newspaper Contest

A complete, six-page copy of the third issue of the Granite City Press, Volume 1, No. 3, containing an account of the wedding of her parents, won a \$50 U. S. Savings Bond for Mrs. Joseph Chepley, 2307 Iowa street.

Mrs. Chepley, whose entry was one of the first to be received in the Press-Record's oldest newspaper contest for last week's observance of National Newspaper Week, located the paper, dated May 6, 1903, in a trunk in the attic at her home. She was presented with the savings bond award Saturday morning.

Her parents saved it, and it was in a trunk of their possessions that was stored in the attic at her home after they passed away. Mrs. Chepley said.

## Council To Study GC Sewer Repairs, Replacement Bids

Committee study is to be given tonight to three bids received last week by the Granite City council for replacement of the Terrace lane sewer line which has broken in five places in the past few months.

Alderman Samuel Whitmer, chairman of the Public Works committee, said his group is planning to meet this evening to study the bids.

Whitmer said, "One major problem is to decide where the money will come from to install a new line."

The low bid of \$48,647 was submitted by General Contracting Co., the firm which installed the original sewer line seven years ago under contract with the East Side Levee & Sanitary District.

Engineers are today inspecting the site of possible difficulty along an extension of the 15-inch Terrace lane trunk in an easement west of Terrace lane and north of homes in the 1500 block of Garfield avenue.

Street department workers were unable to run a sewer cleaning bucket through the line last week and the inspection today is to determine if there is a break in the line or a defective connection at a tap-on joint.

**Report Due Tonight**

There also is a possibility the initial report of an investigation into the cause of the sewer breaks will be submitted to the council this evening by the St. Louis engineering firm of Severdrip & Parcel. The firm was hired about three weeks ago by the city to make a detailed study to determine reasons for the five breaks in the line.

Earlier, the council was told the breaks could be resulting from a change in the area's water table and infiltration of surface water into the lines designed only for sanitary sewage. Steps are being taken to prevent entrance of storm water in the sewer.

## Aubrey Sees Slow Start, Whirlwind UF Finish

Predicts Record For Tomorrow's Report  
Luncheon; 31% Of Goal

A strong appeal to all Tri-Cities Area United Fund workers to complete their assignments and to attend tomorrow's "Dutch treat" noon report luncheon at the YMCA was made Thursday afternoon by General Campaign Chairman Sidney L. Aubrey at the first official report luncheon.

After the returns were tabulated Thursday by Melvin McKay, chairman of the audit committee, and his assistant Russell Sudo, it was announced that 31%, or \$92,566 of the \$298,463 goal had been pledged. This was a 6% increase over advance returns reported two days earlier at the campaign kickoff dinner.

"A slow start indicates a whirlwind finish," Aubrey told the Press-Record today. "I'm not at all pessimistic because I know the work is being done—it just hasn't been reported as yet and 'what better time to report than tomorrow's meeting,' he added.

Thursday's returns were: industry—33.2% (\$85,450); industrial employees—9.6% (\$10,820); commercial—29.9% (\$80,820); municipal units—38.2% (\$43,977); special gifts and professional—16.6% (\$14,977); and organizations—20% (\$200). There was no report for the Public Employees Division.

## Industry Cited

The "pale" award which is given to the chairman of the division that has the greatest percentage of pledges in at each report luncheon was submitted by General Contracting Co., the firm which installed the original sewer line seven years ago under contract with the East Side Levee & Sanitary District.

## Alerted On Robbery

Quad-City police were alerted Friday night during investigation of a \$150 St. Louis liquor store robbery, and the two bandits were arrested in East St. Louis.

A taxi driver summoned by them during the evening said he thought the tavern from where they called was south of Madison, but an exact location never was determined. Nabbed later at an East St. Louis hotel, the pair waived extradition and was taken to St. Louis for prosecution.

## Zoning Hearings Set; 3 Sessions Here In January

Public hearings on establishment of zoning in Madison County will be conducted between Nov. 21 and Jan. 9, it was learned from county officials during the weekend, following confirmation of all hearing dates.

A tentative October-November schedule had been announced previously, but further study of available meeting dates resulted in the later listings.

All local hearings are to be held in January—Namekiki township at 3 p.m. Tuesday, Jan. 2; Chouteau township at 3 p.m. Tuesday, Jan. 9; and Venice township at 7 p.m. Tuesday, Jan. 9.

Hearings are to be held in the 22 Madison county townships that include unincorporated areas. Granite City and Alton have coextensive city-townships.

The hearings will be conducted by the County Zoning Commission to learn of necessary revisions in a zoning ordinance before it is submitted to the Board of Supervisors for consideration.

A capacity auditorium crowd witnessed the first coronation and attendance was nearly as good on the following night.

## 30-Day Jail Term, \$155 In Fines For Driver

A 31-mile, 80-mile-an-hour chase starting on Edwardsville road at 14th street and ending at the intersection of State Routes 111 and 162 about 11:30 p.m. last night resulted in fines totaling \$155 and a 30-day term in the county jail for Donald Ray McCaslin, 23, of 3748 Land street, who was arrested by police.

Police said McCaslin admitted reaching a speed of 80 mph on the highway when he passed a truck on the right shoulder of the road to avoid oncoming vehicles. He stopped at the highway junction where he was arrested.

He pleaded guilty to operating a vehicle without a driver's license, speeding 80 mph in a 45 mph zone, reckless driving, passing on the right side and refusing to heed the siren of a police car.

## Report Out Hodge Term Will Be Reduced

(Special from Springfield)

A rumor began circulating over the weekend that the state parole board will recommend cutting the sentence of imprisoned former state auditor, Orville E. Hodge and that he "might be released by Christmas."

A member of the parole board, interviewed by the Springfield field correspondent for the Press-Record, declined to comment. However, it was learned the board's recommendation on the Oct. 10 clemency hearing for Hodge, may be submitted to Gov. Kerr on early next month. Hodge is starting the sixth year of a 12 to 15-year sentence for the defalcation of about \$100,000 state funds. If his sentence is not reduced, he would not be eligible for parole until November 1963.

At Springfield, it is expected that Gov. Kerr will follow the recommendation of the board. It also is felt that a concurrent federal sentence would be reduced.

While members of the parole board remain silent, the Springfield rumor is that its members took note of Hodge making restitution, being a member of the Menard, that no objections were made to his appeal for clemency, and that his wife and relatives would welcome his release.

## Burglars Cut Bars To Enter Carp's

GC Police Apprehend Pair In Market; Find Stolen Office Machines

A petty cash box containing an undetermined amount of money was taken in a burglary discovered this morning at Carp's Department store, 1305 Nineteenth street, and Granite City police reported over the weekend that two men were caught inside Kazay's Market, 2600 Nameki road, and charged with burglary and that charges have been filed in connection with a \$1500 theft of office equipment Thursday night at Granite City Supply Corp.

Burglars saved through two iron bars of a second story window which were on the roof of Carp's, over the weekend and entered the building and took four pairs of men's slacks and an unknown amount of money from the petty cash box.

James R. Lowder, Granite City Chief of Detectives, said the unlocked cash box was in a locked filing cabinet but apparently the burglars knew where to find the keys. Two pairs of black and two pairs of brown shoes were also taken.

The burglars climbed up the rear of the building and entered the store through the window. They tried to leave by an iron gate that leads to the roof but were unable to break the lock and had to go out the same way they got in.

## Fale Opens Easy Sale

Two St. Louis men were arrested early Friday inside Kazay's Market, where an empty cash register and a safe were found to be forced open.

Seven police officers were sent to the market when they received a report at 3:20 a.m. that the store's burglar alarm was ringing. They found the cash register had been forced open but had been locked again when the police arrived. They flipped the latch and entered the building to find the cash register and safe.

Chief of Detectives Lowder said the pair was found parked about two blocks away. The vehicle was towed to a garage following the arrest. He said both men admitted they were after cash.

James R. Lowder was taken before Police Magistrate Gasparovic Jr. and waived their preliminary hearings. They were bound over to the grand jury, with bonds set at \$7500 each, and were committed to the county jail.

the lines, and engineers report that when the 1150-foot line was installed seven years ago at a depth of 16 feet, the water table was down 14, about 22 feet and now it is in six to eight feet of underground water.

Specifications for the new 1150-foot section of sewer line call for the 15-inch trunk to be installed at a depth of 10 feet and the installation of a lift station. It was announced at last week's council session that the \$178,744 repair job along Terrace lane had been halted and that the city had purchased pumps and the above ground pipelines at a cost of \$3800 to cut the \$1000-a-day charge for pumping sewage around the break.

The total cost of \$390,772 to repair sewer lines this year has wiped out the city's reserve funds and is expected to run the city \$150,000 to \$170,000 in the red by the end of the fiscal year, Oct. 31. An emergency vote last Monday night to lay off 22 city employees to cut the deficit by about \$57,000 failed as the council voted 10-to-6 not to lay off any employees.

The mayor plans to confer with Comptroller John Doher and City Atty. William Beatty on what measures can be taken in other fields to cut the deficit.

## World Service Workshop At Local YMCA Today

Youth delegates from YMCA Tri-Hi-Y and Hi-Y organizations in Alton, East St. Louis, Edwardsville, Belleville and Granite City will gather at the local YMCA this afternoon for a YMCA World Service workshop. World Service is a joint program sponsored by YMCA's in this country and Canada with the chief aim of launching new YMCA's in foreign countries through a fund-raising program. Delegates here today and this evening will hear a principal address by John Custer, World Service secretary in Greece since 1950.

With local "Y" youth organizations acting as hosts, the workshop will begin at 4 p.m. with a get-acquainted session. A local welcome and outline of the purpose of the meeting will be given by local World Service Chairman Henry D. Karamulski, who is president of the YMCA board of directors.

Arthur Warren, Southern Illinois World Service chairman, will explain the workings of the program and answer questions from delegates. Custer will speak following a 6 p.m. dinner, which delegates and members of the board of directors will attend. A film, "Teamwork in Turkey," will describe the success of the World Service program in the country.

The overall theme of the program is "Buildings for Brotherhood," a slogan adopted in 1958 when the YMCA initiated a three-year program with the goal of building new YMCA's or expanding and improving those already in existence.

The worldwide goal is \$16,000,000 for 116 building projects in 33 countries. Guest speaker, Custer has been in charge of a YMCA in Thessalonika, Greece, for the past 11 years. He had responsibility for training staff and lay leaders, the supervision and development of a "Y" program and financial campaign, and directed Camp Pelion on the shores of the Aegean Sea.

## Sixty-Five Attend Tax Seminar Here

State revenue department officials outlined new tax measures to 65 local business and professional people at a tax seminar in the YMCA auditorium Thursday night.

Co-sponsored by the Tri-Cities Chamber of Commerce and the Associated Retailers & Civic Association, the seminar featured Willard Lee, chief counsel and supervisor of rules and regulations for the department, and Ward Bridgewater, head of the department's audit division. Lee discussed the current revenue picture, noting the changes effected by the new revenue measures passed by the Illinois General Assembly this year, with special emphasis on the broadening of the state sales tax and the service occupation and use taxes. Lee said the state definitely intends to collect sales taxes on items delivered to Illinois customers by St. Louis stores. Bridgewater went over the new state tax forms, interpreted wording where necessary and described their use.

A question and answer session was conducted by Alvin Barnes, director of the retailers association, who also introduced the state revenue department officials.

Paul H. Lichtenberger, president of the Chamber of Commerce, opened the meeting, and Maurice Rich, president of the retailers association, thanked the speakers for their presentations. Barnes said any local businessmen who missed the seminar could call him at the retailers association office with any questions they might have.

## MORE ABOUT Issue No. 3

(Continued from Page 1)

her several years ago by an acquaintance. It contained an account of the 1903 flood in the Tri-Cities.

Other entries in the contest carried early dates of May 17, 1906, 1907, 1908, 1916, 1917, 1918, the 1920's; and there were a number from the 1930's, the 1940's and the 1950's. Each one contained a story of a relative's death.

The May 17, 1906, issue of the Granite City Herald and May 16, 1907, issue of the Granite City Press, submitted by Anna E. Frohardt, 2223 Delmar avenue, featured stories of the appointment of L. P. Frohardt as Granite City superintendent of schools.

An issue dated Jan. 24, 1907, owned by Mrs. Jake Rydzik, 2704 Iowa street, carried on page one a poem written by her brother, Claude Magness, and another dated Oct. 25, 1906, contained a story of a relative's death.

The April 23, 1908, issue entered by Mrs. June Stieb, 2361 Pontoon road, had been saved by the family through the years since it contained an item concerning a relative's death. It also carried a story of a kidnapping with a horse and buggy chase.

Several issues of the 1910's had been saved by families for items about loved ones serving in the armed forces during world war I. The same reason prevailed for a number of entries bearing dates in the 1940's.

Three copies of a souvenir edition dated March 14, 1924, were among the entries in the contest, which ended last Friday.

The winner, Mrs. Chepley, works in the office at Mercantile Mortgage Co. Her husband is service manager at B. E. Hohl, Inc.

### Test To Be Held For Scholarship Program

Senior students at local high schools are eligible to compete for 100 four-year scholarships offered by General Motors under its national scholarship plan.

Interested students must make application for both the GM National Scholarship and the Scholastic Aptitude Test of College Boards. They may take the aptitude test either Dec. 2, 1961, or Jan. 13, 1962. At least one award is offered in each state, the District of Columbia and Puerto Rico. Seniors awarded the scholarships may pursue any course of study at any accredited college or university.

Selection of winners is made by a group of educators representing various parts of the country. Details of the competition are available in the guidance office at Granite City high school.

General Motors also offers other scholarship opportunities. Under its college plan, 303 four-year college scholarships are awarded annually by 182 colleges and universities located in 50 states and the District of Columbia. Lists of participating colleges are available at high school. Selection of award winners under this plan is made by the colleges, and students wishing to be considered apply directly to the college of their choice.

Awards under both plans range from \$200 to \$2000 a year, depending on the student's needs. This fall, 1830 students will be sponsored in 219 colleges and universities under the college and national plans.

### GC Plan Group Hears Urban Renewal Outline

City Planning Commission members and city officials heard an explanation of the federal urban renewal program by a representative of a consultant firm Thursday night, and Chairman David Morgan announced other firms would be contacted to present similar outlines.

The city is considering such a program to eliminate blighted areas, and Thursday's meeting was the first for the Planning Commission on the topic. The speaker was Otto Zaccane of the Mid-American Appraisal Corp., Chicago.

Morgan said because of numerous other activities Thursday night, only seven of the 13 commissioners were present, and that a special meeting of the commission probably will be called this week to take up routine business. Also present at the meeting were the city inspector, city attorney and Aldermen Donald Partney, Samuel Shuckelford, Paul Rutledge, Ford Johnson and Arthur Wieser.

A film on urban renewal, sent by an Indiana appraisal firm, now is available for viewing here. It was announced.

# Defense Earns Big Green Share Of MWC Crown

## Stubborn Shells Succumb 13-0 As 'Trojan Wall' Yields Net 26 Yards

Madison's "Trojan Wall" defense outplayed a game Roxana Shell forward wall Friday night and waited for the offense to muster a sustained attack which resulted in a 13-0 win for the visiting Trojans.

By winning Coach Glen "Pick" Pickering's team clinched at least a Midwestern Conference title tie with Cahokia's Comanches, who defeated Dupu 14-0. Madison is 4-0 in conference games and Cahokia is 3-1. The Trojans, who remained unscathed upon in MWC play, are homecoming opponents Friday and the Comanches have the same role at Roxana.

It took Madison 23 minutes to get Ed Petty went over and 25 seconds to push around standing up from six yards out its first score at Roxana Friday with 35 seconds remaining in the

first half. Six plays earlier, it had appeared that there would be no score at the intersection.

With less than two minutes left in the second quarter, Roxana's Bill Tucker dropped back to punt on his own 18-yard line. The flip from center went sailing over his head. He picked it up but was tackled for a yard loss and Madison took possession on downs.

The Big Green hit paydirt five plays later in a race against the clock. Quarterback Mick Gravelle was thrown for a loss while attempting to pass for the PAT. Roxana did not make a first down in the second half and finished with only two net yards.

"Best defensive game we've played all year," remarked Pickering. "Our ball carriers just couldn't turn those corners against Roxana's linebackers and ends."

### Cooper Sets Up Score

The first score in the game came with 7:30 left in the final period. Ken Griggs batted in a Roxana punt on his own 38 and returned it to the Shell 48. Sparked by an 18-yard run by Walt Cooper, the Big Green scored 42 seconds later. Griggs scooped the end zone from 18 yards away. Griggs scored in 15 carries but was thrown for three losses totaling 10 yards.

Madison was on the move in the final minutes of the game and had the ball on Roxana's 34 when a Gravelle aerial was intercepted at the 19 by Dale Smith. The Shells had time for three plays which netted a negative four yards before the horn sounded ending the game. Roxana's leading ground gain was a 10-yard run by Halback Bob Ray, carried 15 times for 46 yards. The Trojans one-two punch of Griggs and Petty did well but was below previous performance. Griggs picked up 77 yards in 16 tries and Petty gained 75 yards in 15 carries but was thrown for three losses totaling 10 yards.

## Flyers Drop Wet Blanket Over GC Homecoming; Unleash Diversified Offense In 32-6 SWC Victory

Look out! East St. Louis' Flyers issued that warning today to Wood River, Collinsville and Belleville, the three remaining Southwestern conference opponents on the flyer schedule this fall.

It wasn't a verbal warning; rather one issued authoritatively here Thursday night as Fred Cameron's crunching gear bobbed up Granite City 32-6 to spoil the Warriors' football homecoming and lead the Redmen's outside championship line-up with at least a tie for the conference championship.

"Best Game" — Cameron "Undoubtedly, the best game we've played this season," was Cameron's statement immediately after the contest, which he earlier had referred to as a "must" encounter.

Although the Orange and Blue scored three of its six-pointers on spectacular long-gaining plays which covered 88, 44 and 35 yards, respectively, it was steady punting and probing along the Granite City line. Hecor was a pup, which made the defending conference champions so effective.

"We had heard a lot about Granite City's line, and decided to do some testing," Cameron said. The Flyers "tested" to the tune of 216 yards gained rushing, with 102 of those yards

Jim Long's extra point kick attempt was fumbled, and the Flyers led less than 8:11 left in the first quarter.

Another fumble on the following kickoff—GC's "hobbled" — gave East St. Louis possession on the GC 26, but the Flyers grounded at the five as the Warrior line dug in. Bill Remmen's 60-yard punt landed in the second quarter, out of bounds on the Flyer 17, and indirectly set up the Warriors' only score.

Blocked Punt — TD Three plays later, Willis' punt was blocked at the 11-yard line. John Allen carried eight yards to the Flyer three and, on a power play from a modified single wing, Quentin Hoover scored on a real good effort, but from there on there isn't much to say.

"We never seem to play well in the first quarter," Sullivan concluded, "but in the final analysis you have to give them speed a lot of credit, too."

The Flyers did not use speed to score the game's first TD. Rather, capitalizing on a GC's fumble on the second play from scrimmage, they drove across in six plays from the hosts' 18, with Quarterback John Willis sneaking the final two yards

### GAME SIDELIGHTS

Scoreboard dedication ceremonies took place in front of the GCIS home stands before the game, with Granite City's Supt. Harold M. Kaiser accepting on behalf of the school district the trophy presented by Robert Spengler, member of the International Hall of Fame and Building Laborers Local 597 for "donating time and effort" to erect the board, and Ed Petty (1) six yard run (18-yard run); PAT — (Madison) Ken Griggs, run.

Is East St. Louis on the rebound? One look at statistics of the school's three latest football triumphs brings a "yes" answer. The Flyers, on a three-game winning streak, have outscored their opponents 100 to 25.

Braves Blank Prather 34-0; Are Unscored Upon In Five Games

Remaining undefeated and unscored upon in five games this season, Coolidge Junior high school's gridlers scored a 34-0 victory over cross-town Prather Friday afternoon at the Granite City high school football field.

The Braves scored in every 12 quarter, and the deepest drive by Prather's Chiefs was to the Coolidge 336 in the final period. Jerry Lybarger scored first on six-yard plunges. Danny McKeel followed with a quarterback keeper from 10 yards out and Mike Monroe ran in the extra point for a 13-0 lead after one period.

Meesey scored a 30-yard touch-down pass to Vince Debeve in the second period, and Lybarger added the extra point on a plunge.

In the third quarter, Debeve scored again on a 40-yard sweep and Meesey sneaked for the extra point. Meesey hit Joe Hauptman with a pass in the final period good for 40 yards and the last score. Debeve plunged for the point.

Coolidge will be at home to Cahokia Thursday afternoon. While Prather will play North JHS of Alton the same day at 4 p.m.

THE PROMISED LAND, otherwise known as the East St. Louis end zone, was reached just once by Granite City's Warriors Thursday night, and that occasion is shown here as GC's Quentin Hoover built his way in for a score from the three-yard-line on a fourth down play in the second quarter.

### Program On Communism At Wilson PTA

Mrs. Gabrielle Bettenc, member of the city council of Granite City, presented a film entitled "Communism" at the Oct. 20 meeting of the Wilson school Parent-Teacher Association Thursday evening.

Boy Scout Troop 122 presented the flag and led the pledge of allegiance to open the meeting.

A brief discussion was conducted on sponsoring "Santa" on a non-profit basis for Glenview residents.

Leo Kalpis announced that Troop 122 will hold a barbecue Oct. 28 at the Granite City high school parking lot and the E. Wilson PTA will conduct a "turkey shoot" every Sunday at Bowling hot club until Nov. 5.

Cub Pack 122 will hold a Halloween party tonight at the school, and all boys eight years old are invited to attend along with their parents. Each family is asked to bring a pie.

Mrs. Bettenc spoke briefly on the growth of Communism and told of ways to combat it as an individual through attention, understanding and study.

Among the books recommended were "A Guide to Anti-Communism" and "How to Be a Good Communist." The books are to be added to the public library in the future.

A film was shown explaining Communism and how a Communist lives. Also shown were the conditions under which people of conquered countries live. Literature was distributed to the unit along with posters and persons wanting further information on how to combat Communism.

An award was presented to Mrs. Opal Spies. The attendance banner was presented to Miss Betty Noller's third grade class for the highest percentage of parents present.

"Open house" will be held Nov. 19, with a regular PTA meeting following, climaxed by refreshments served by all room mothers.

## Barr Deaths Are Ruled As Homicide, Suicide

No motive was established at an inquest Friday morning at which homicide and suicide verdicts were reached in the Oct. 16 deaths of Mr. and Mrs. William Earl Barr, found shot in the head in Barr's apartment at 228 Broadway, Venice. Deputy Coroner Francis Lahey presided at the Venice city hall.

The jury ruled that Barr, 52, a billiard hall operator, died of a self-inflicted gunshot wound of the right side of the head after he had fired a shot into the back of the head of his wife, Mrs. Eleanor Irene Barr, 31.

Ralph D. Brawley, a Venice police officer, read a brief report on information obtained by the department. He related that Mr. Barr was found lying on a bedroom floor and Mrs. Barr was lying partially on a nearby bed. He said a 12-gauge pump shotgun had been fired, but a 22-caliber rifle found in the apartment was not used in the shooting.

Hugh C. Salas, East St. Louis, a Granite City Steel Co. pipefitter, testified that he discovered the bodies after going to the scene with the Barrs' son, Philip, who saw blood on the floor and asked him to enter. Salas had gone there earlier to borrow the elder Mr. Barr's truck, but left when there was no answer to his knock.

## \$15,000 Judgment In Dramshop Suit Here

A city court jury assessed damages totaling \$15,000 against three defendants in a dramshop suit brought by Mrs. Nancy Oliver, widow of Lorenza Oliver, Granite City, who was slain in Madison last Nov. 3.

The case was tried before City Court Judge Fred P. Schuman with the jury returning a verdict favorable to the plaintiff at 10 p.m. Thursday after deliberating for over six hours.

Mrs. Oliver had asked for \$20,000 joint damages against the defendants, who were listed as Mildred Muzzarelli, doing business as Millie & Mickey's Tavern; Charles H. Hester, and Ralph Miller, doing business as Ralph & Charlie's Steak House; and the Johnny Lewis Tavern.

She alleged that on last Nov. 3 all three establishments served alcoholic beverages to John W. Stamps, who on last Feb. 10 pleaded guilty to the fatal shooting of Oliver, then 31, and was sentenced to a 25-year term in the state penitentiary.

As a result of her husband's death, Mrs. Oliver contended, she and four children were deprived of support. The jury heard testimony of the case on Wednesday and Thursday, and the verdict assessed damages jointly against the three defendants.

## 5 Police Patrol Districts Outlined By SIU

(This is the 35th in a series of articles based on a reorganization study of the city government in Granite City by Southern Illinois University.)

Revision of the patrol districts based on areas with the highest incidence of crime, set forth by the SIU team of experts, calls for five districts instead of three, in Granite City.

An analysis of crime figures by shifts and by patrol districts has been made, the team pointed out, "as a basis of recommending the new five-district arrangement."

"During 1960, out of a total of 953 crimes reported, the time the crime was committed could be ascertained in 708 cases. Of these, only 70, or 10%, occurred during the daytime shift—5 a.m. to 1 p.m., while 232 and 406 or 35% and 37% occurred during the afternoon—1 to 9 p.m., and the night shift—9 p.m. to 5 a.m."

Crimes by districts in 1960 show 343 or 36% occurred in

District No. One, which is the area between State street and Shawville road from the south city limits to Nameki road.

In Patrol District No. Two, the area east of Nameki road, comprising mostly the residential part of the city, there were 173 or 18%, and in District No. Three—the area northwest of State street, comprising industrial, business and older, designated residential areas—there were 428 crimes or 46%.

**Proposed Patrol Districts.**

Based upon this information, the following patrol districts are recommended for use during the afternoon and midnight shifts. These districts have been created from the present patrol districts Nos. One and Three. District Five includes most of old district No. Two.

Patrol District No. 1—West Granite, including all the area west and north of the railroad tracks to the city limits.

Patrol District No. 2—The

area southwest of 20th street to the city limits, bounded on the west by the railroad tracks.

Patrol District No. 3—The area between Madison avenue and the railroad tracks from 20th street to Nameki road.

Patrol District No. 4—The area between Madison avenue and Edwardsville road (Route 162) from 20th street across Nameki road to the city limits southeast of St. Clair avenue.

Patrol District No. 5—The area north and east of Nameki road to the city limits and north of St. Clair avenue.

"These patrol districts are designed to concentrate patrol in the areas of the highest incidence of crime."

"Three of the districts, Nos. Two, Three and Four, converge in the business district. Officers patrolling these districts should be allowed to overlap one or two blocks to provide a double patrol coverage."

"The patrol supervisor also will add extra coverage as he patrols the whole city in the course of his supervisory duties."

He was transferred to the Police County Memorial Hospital, being treated at St. Elizabeth Hospital for a large laceration to the back of the head, multiple small lacerations near by, a laceration on the forehead, abrasions and bleeding of the nose and cuts on the upper lip and left knee.

The driver, William E. Rickard, 37, also was treated at St. Elizabeth Hospital and was charged by Venice police with driving while under the influence of alcohol. He was released on \$500 property bond at 12:30 p.m. Sunday to return for a hearing next Saturday.

The front of his car was badly damaged, and the vehicle was towed to garage.

Three Hurt On Route 674 Albert Weldon, 52, of 2340 Highway 67 is in good condition today at St. Elizabeth Hospital after being injured in a collision of his northbound car with the southbound auto of Bessie Howland, 67, at Bend road at 7:30 p.m. Saturday.

She was treated at the hospital for bruises to the left knee and left middle finger, and a laceration to her chin. Mitchell Johnson, 14, East St. Louis, also was slightly injured, state police said. He was released with a laceration to his chin and a laceration to his left middle finger and injuries to both knees.

have a referendum at this time," Haller warned. "The county is in good shape financially at this time. Only when we start going in debt will the people realize the situation. Now is the time to start cutting down and trying to balance the budget."

Finance Committee Chairman Leslie Prehn told the group, "I've talked to a lot of people, and haven't found one person who would vote favorably in a referendum."

Noting that it is costing the county \$20,000 more to operate each month than it is receiving, Prehn said it was made clear at Springfield that no rate increase will be authorized at the state level. "The new budget which we must prepare is going to be tougher" than the five-month budget now in effect, he said. He said reductions in services could be restored if the public later authorized enough taxes to maintain them.

Possibility of seeking increases in the assessed value of property by the assessors and County Board of Review also was discussed. Office Juvenile Home Funds Recorder of Deeds James F. Chapman said \$112,000 in a juvenile home construction fund could be used, and commented that his department will be able to operate without financial difficulty.

It was said repeatedly during the discussion that the state has imposed additional service obligations on counties by legislation over the years, without providing enough revenue to finance the services. Several suggested that the county give only

Charged with being an accessory after the fact is William Burroughs, 25, of Rural Route One, who was released Saturday afternoon on a \$1000 property bond. He waived a preliminary hearing before Justice of the Peace Harry Hartman.

Still missing from Thursday night's break-in is one typewriter. The six items taken were valued at \$1500. Police said entry was gained through a door opening from the northeast side of the building.

Lowder told the Press-Record today three of the office machines and both heaters were found in a shed on Chouteau slough.

Two Burglars Stolen At Shop Two black leather purses, one containing \$140 in cash, were stolen from a wall locker at the rear of the Modern Beauty Shop, 1914 State street, it was discovered at 3 p.m. Saturday. The owners are employees of the shop, Mrs. Rebecca Mangham, 1941 Maple street, and Mrs. Caroline Simpson, 2240 Thirtieth street.

Mrs. Mangham listed the contents as \$140, car keys, a driver's license, identification card, compact auto records and other papers, while Mrs. Simpson reported papers but no money missing.

A billfold containing \$125 was stolen from the unlocked glove compartment of his auto while it was parked on Niedringhaus avenue at 20th street Saturday evening, Norman Smith, South Roxana, informed police.

Spending \$125, 1120 East St. Louis police said he was robbed Sunday at 10 p.m. Friday by two men who approached him after he had parked his auto in the back block of North Sixth street. After asking directions, they knocked him to the ground and tipped out the pocket containing his wallet, tearing his trousers from the waist to the cuff.

## Optimists Hear About Capsules, Sonic Booms

Sonic booms and space capsules were the subject of remarks by Robert McCoid, senior electrical engineer at McDonnell Aircraft Corp., who addressed 40 members and guests of the Noonday Optimist Club Thursday at the Elks Club.

Explaining recent sonic booms in this area, McCoid said all are the result of military aircraft on simulated attack missions, and not McDonnell aircraft being tested.

The firm's aircraft are tested near Lake Michigan, he explained at a point some minutes before time away from McDonnell's St. Louis production facilities. Other McDonnell aircraft are tested at the U. S. Air Force center at Lake Muck, where super-sonic speed tests are sometimes made at an altitude of only 50 feet, the speaker said. The project is aptly named "Operation Sagger," since jet exhaust burns the desert bare of all vegetation, McCoid continued.

The speaker showed two films, one on McDonnell's service to community and nation, the other concerned with the Mercury space capsule manufactured at McDonnell and entitled "Journey Into Space."

Guests at the meeting included Emerald Daves, Charles Ely, Sam Thompson, Paul Griffith, Robert Ely, Sidney Womack and Dale Arnette.

The Noonday club will bypass its regular Thursday meeting this week to attend the daily noon report meeting of the Tri City United Fund campaign.

## \$4,413,000 Purchasing In July Reported

Quadrant City buying during July has been listed at \$4,413,354, based on a \$123,688 state sales tax listing for the month. It was the first month after the July 1 tax increase from 3% to 3 1/2%, not counting cities and counties' 1 1/2 portion. The 3 1/2% rate was used in determining the \$4,413,354 figure, but the total may actually be higher, since only a 3% tax would apply to any late June payments.

The Illinois Revenue Department does not estimate purchasing, merely reporting the amount of taxes and the rates which applied. On its report of August collections for July, however, just announced, it says the figures reflect a "rate of 3% on receipts from sales prior to July 1 and 3 1/2% thereafter."

The \$4,413,354 Quadrant City tabulation includes \$3,333,969 purchasing at 501 Granite City stores, \$636,166 at 154 Madison establishments, \$161,501 at 75 Venetia businesses and \$61,718 at seven Mitchell firms.

On an arcewade basis, the report lists \$1,430,447 food buying, \$601,578 reported by wholesalers and manufacturers, \$521,775 at drinking and eating places, \$517,214 automotive, \$281,331 general merchandise, \$288,228 at filling stations, \$230,768 lumber, building supplies and hardware, \$185,338 furniture, household goods and radios, \$165,755 apparel and \$210,617 all other merchandise.

A purchasing breakdown by cities follows: Granite City — \$231,821 general, \$1,094,111 food, \$361,892 drinking and eating, \$162,119 apparel, \$147,017 furniture, \$154,984 hardware, \$453,379 automotive, \$197,631 stations, \$262,946 manufacturers and \$33,124 other.

Madison — \$46,900 general, \$248,776 food, \$128,634 drinking and eating, \$3583 apparel, \$32,741 furniture, \$70,862 hardware, \$19,110 auto, \$37,545 stations, \$34,889 manufacturers and \$33,124 other.

Venice — \$2609 general, \$85,236 food, \$22,152 drinking and eating, \$52 apparel, \$350 furniture, \$4921 hardware, \$10,160 auto, \$17,192 stations, \$3947 manufacturers and \$6649 other.

Mitchell — \$2322 food, \$3097 drinking and eating, \$34,364 auto, \$15,838 stations and \$35 other.

The July 1961 total compares with \$3,774,585 buying in June 1961 and \$13,974,317 in July 1960, when \$11,915,366 was reported by manufacturers.

MENTAL HEALTH TALK AT NAMEOKI WOMAN'S CLUB

Mrs. Jo Crouch, psychiatric social worker of the Madison county mental health office in Granite City, was guest speaker at a monthly meeting of the Nameoki Woman's club Wednesday afternoon at the Rose Bowl.

The meeting began with a 12:30 luncheon, after which Mrs. Leo Schermer, president, conducted the business meeting. Mrs. Schermer welcomed Mrs. Royal Barney as a new member and introduced two guests, Mrs. Charles Polley and Mrs. Willmizig.

The members brought wash cloths, towels and soap for boys at the Lincoln Lodge school in Springfield, and plans were made to send the articles to them. A donation was made to the "Cheer Fund" for American Indian children. These gifts are one of the projects conducted by the Woman's club.

Mrs. Russell Johnson, ways and means chairman, reported that the annual dessert luncheon will be held Nov. 8 at the Big Top. Mrs. Schermer announced that the county meeting will be held Oct. 19 in Godfrey, Ill., and the district meeting Oct. 27 in Centralia, Mrs. Herbert Bischoff, Mrs. Dawson Wade and Mrs. Schermer are the delegates selected to attend the two meetings.

Mrs. J. C. Byers, local chairman of mental health, introduced the day's speaker, Mrs. Crouch, who explained the local mental health clinic and the services rendered in this area and in the county.

Sher reported that mental health is no respecter of ages, and that both young and old, rich and poor, may have mental problems at any time.

Mrs. Crouch stressed that it is indicative of a progressive area to have a clinic in Granite City, recognizing the need for aid with mental problems. It is not a shame or disgrace to have mental problems, and by early recognition many are helped in the first stages, thereby possibly saving a family relationship and also saving money by reducing the numbers of people who might otherwise have to be confined to an institution, she said.

The other members attending the meeting were Mrs. Homer Blumenstock, Mrs. Robert Braudemack, Mrs. J. A. Grant, Mrs. Merl Jennings, Mrs. Herman Steinberg and Mrs. Charles Wade.

The day's hostesses were Mrs. Emmett Beeler, Mrs. William Odgen and Mrs. Harold Stewart.

Cars speeding under bridge activate Automatic Counters which clearly indicate how many laps each car has travelled. The first car to cover pre-arranged number of laps on the 15½-foot Figure "8" Speedways wins the race.

### Scale Models of Aston-Martin and Lister Jaguar Sports Racing Cars

## NARROW BRIDGE DOUBLES THE THRILLS

at bridge narrows down to permit only one car to pass. It takes careful timing and coordination to prevent crashes. It's real work with the Hand Controls to keep cars from spinning, and to gain speed on the straightaways. Here is a miniature... providing excitement for the entire family. What's pictured is included... the figure "8", Speedway, complete, Electric Power Pack, 2 Hand Controls and the electrical scale models of famous Aston-Martin and Lister Jaguar... all at a price that's unbelievably LOW!
